

Vanguard

Information | Technology | Solutions

ABOUT US

- We are a growing, ambitious company that seeks to take on new challenges in the ever-changing world of IT.
- We are staffed with dedicated, knowledgeable employees whose number one concern is customer satisfaction.
- Our staff and customers work directly with management to ensure success from start to finish.
- Conveniently located in Covina, CA.

OWNERS

- Alejandro de Lira Lopez, B.S. in Computer Science

- Bladen Fuentes, A.S. in Business Administration

SERVICES WE PROVIDE

- IT Solutions for Businesses: To determine and solve any vulnerability, security, backups, file sharing and new technology issues.
- Networking Solutions: Minimize redundancy and simplify your system to get you the best solutions at a cost effective price.
- Data Management: Organizing a data system that ensures data is accessible and secure.

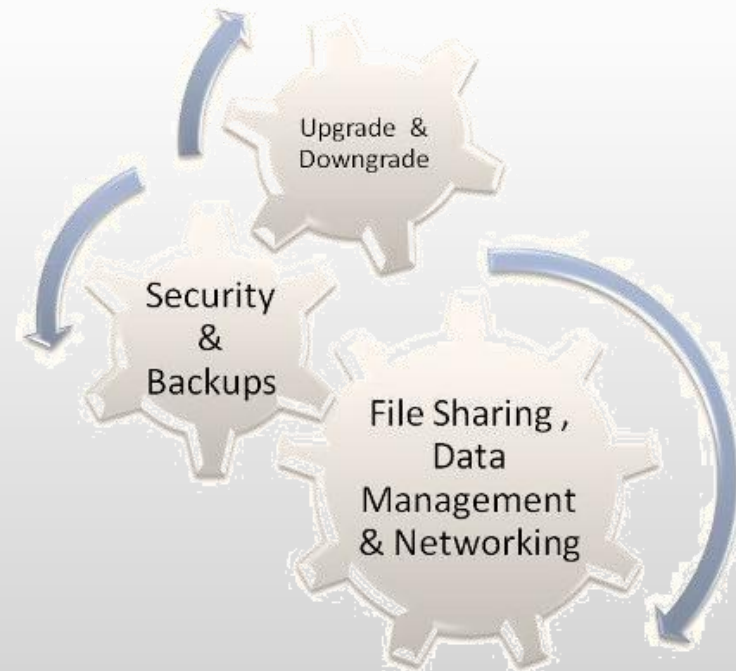

SERVICES WE PROVIDE

- PC Repair/Support: Our staff can tackle any problem as quickly as possible to minimize downtime.
- Software Support: We'll provide your business with smart solutions to help integrate all applications and programs.
- PC Training: Give us a call to help you and your employees keep up with the latest software and applications.

OUR PROCESS

WHY CHOOSE US?

- Over 15 years combined expertise from our technicians.
- Professional behavior from start to finish.
- Highest Rated on Yelp and Google.
- We service all brands!
